

R360 Tier 4 Personalized IV Hydration Therapy for Ultimate Recovery & Wellness

Replenish 360 (R360) is one of **Southern California's leading wellness providers**, specializing in advanced **IV hydration therapy** for both individuals and groups. Our Tier 4 **IV Hydration Therapy** program, R360 Personalized Hydration, is designed to help you achieve optimal recovery, replenish essential nutrients, and enhance overall wellness. Whether you're experiencing mild dehydration from daily life, recovering from intense physical activity, or preparing for an important event, our tailored **hydration vitamins** and supportive wellness services are here to rejuvenate your body and mind.

At R360, our focus is on helping clients restore their health through specialized, evidence-based interventions. Our **wellness drips** combine essential fluids, electrolytes, and targeted vitamins to address a wide range of health needs. From post-workout recovery to combating the effects of travel fatigue, hangovers, or minor illnesses, our [recovery IV](#) treatments are a safe, efficient, and effective solution for restoring your body's balance.

Why Choose R360 Tier 4 IV Hydration Therapy?

R360 Personalized Hydration offers an unparalleled approach to **IV recovery**, combining advanced medical expertise with a holistic wellness philosophy. Our services are administered by highly trained registered nurses and licensed healthcare professionals, ensuring the highest standards of safety, hygiene, and effectiveness.

By choosing R360, you gain access to:

- **Individualized treatment plans** tailored to your specific hydration and wellness needs

- A wide range of **hydration vitamins** including multivitamins, B-complex, antioxidants, and amino acids
- Mobile and in-clinic services to meet you wherever you are, including your home, hotel, or event location
- Comprehensive wellness support including **personal training, nutrition counseling, massage therapy, acupuncture**, and behavioral therapy
- Targeted solutions for minor ailments, fatigue, and performance optimization

Whether recovering from a hangover, flu, dehydration from travel, or strenuous athletic activity, our Tier 4 **IV Hydration Therapy** ensures rapid restoration and long-lasting wellness.

Comprehensive Benefits of R360 IV Hydration Therapy:

1. Rapid Recovery IV for Illness and Dehydration:

Even mild dehydration can impact your energy, mental clarity, and physical performance. Our R360 Personalized Hydration targets:

- Upper respiratory infections, flu, and common colds
- Gastroenteritis, food poisoning, or stomach flu
- Muscle aches, body pain, and fatigue from minor illnesses

With our tailored **wellness drips**, you receive essential fluids, vitamins, and amino acids that help your body recover faster and regain optimal hydration levels.

2. Detoxification and Hangover Relief:

Our R360 **recovery IV** treatments are ideal for relieving symptoms from overindulgence or minor detoxification needs. Hangover symptoms like headaches, dizziness, nausea, fatigue, and dehydration are quickly addressed with **hydration vitamins** and anti-nausea medications. R360 helps you feel revitalized and ready to tackle your day with renewed energy.

3. Athletic Performance and Post-Workout Recovery:

Athletes and fitness enthusiasts can greatly benefit from Tier 4 IV Hydration Therapy. Intense workouts can deplete your body of fluids, electrolytes, and essential vitamins. R360's **wellness drips**:

- Improve **IV recovery** times after strenuous physical activity
- Reduce delayed onset muscle soreness (DOMS)
- Replenish vital **hydration vitamins** for optimal energy and performance

Our therapy ensures that your body recovers efficiently, helping you maintain peak performance in your sport or fitness routine.

4. Event Preparation and Lifestyle Support:

Whether you're attending a wedding, festival, or special celebration, R360 Tier 4 **IV Hydration Therapy** ensures you stay hydrated and vibrant. From travel recovery to social events, our [wellness drips](#) provide:

- Enhanced energy and mental clarity
- Prevention of dehydration-related discomfort at concerts, parties, or travel
- Support for everyday wellness, ensuring you are at your best for personal and professional commitments

5. Holistic Wellness Integration:

R360 offers more than just **IV recovery**. Our integrated wellness approach includes:

- Personalized nutrition guidance to complement **hydration vitamins**
- Massage therapy and acupuncture for relaxation and stress reduction
- Behavioral therapy and lifestyle modification to improve long-term health
- Personal training and exercise support for optimal physical performance

This all-inclusive approach ensures that your body and mind are fully revitalized, making R360 a complete wellness solution.

Our Personalized IV Hydration Solutions:

R360's Tier 4 IV Hydration Therapy provides several options tailored to your needs:

Full R360 Personalized Hydration (1000 ml) – \$415.00

- Includes Sodium Chloride 0.9% Normal Saline or Lactated Ringer's
- Multivitamin infusion (Infuvite Adult Infusion, B-Complex, or Myer's Cocktail)
- Anti-nausea medication (Ondansetron) or analgesic (Ketorolac)
- Blood glucose and vital signs check
- Concierge service to provide therapy at your preferred location

Discounted R360 Personalized Hydration (500 ml) – \$310.00

- 20% off for select clients
- Same therapeutic benefits in a smaller dose for convenience

Both options provide VIP-level [IV recovery](#) services, delivered with professionalism and care by our licensed medical team.

Safety and Quality Assurance:

Your health and safety are our top priority. Before receiving any **wellness drips**, R360 conducts:

- Comprehensive medical and clinical history assessments
- Consultation to ensure no contraindications with existing conditions
- Signed informed consent and client agreement outlining potential benefits and risks

We recommend consulting your primary care physician or medical specialist for chronic conditions before using our therapies. For emergencies, always contact 911 or your nearest urgent care.

Experience the R360 Difference:

R360 Tier 4 IV Hydration Therapy is designed to bring:

- Quick recovery from dehydration, illness, or fatigue
- Enhanced athletic performance and physical endurance
- Relief from hangovers and minor ailments
- Holistic wellness support combining physical, mental, and emotional health

With our mobile and in-clinic services, **IV recovery** and [hydration vitamins](#) are accessible wherever you need them. R360 ensures you regain vitality and perform at your best, whether at work, home, gym, or events.

How to Book Your Session:

Appointments for Tier 4 **IV Hydration Therapy** are by scheduled bookings only. Limited slots ensure personalized attention and quality care. You can schedule individual or group sessions, and concierge services allow therapy at your preferred location. Early registration is recommended due to high demand.
