

# Atlanta's New Custom Invitation & Stationery Studio

## HERE IS OUR FIRST IMPRESSION

Hi, hello, it's nice to cyber see you. We are The Impressionist and we just wanted to give ourselves a proper introduction. The Impressionist is a custom wedding invitation & paper studio located in Atlanta, Ga specializing in beautiful design, high-end letterpress printing & foil stamping.

These aren't just any kind of invitations; these are the invites that make you value a piece of paper like never before. The Impressionist curates invitations that deliver a sneak peak into what your guests should expect at your event.

Our favorite thing to do is tell your stories with our work, make them tangible memories, and have some fun on the way. We're all about finding the perfect way to translate your story into something even more beautiful. We understand your story is unique and you need something to match.

## How does this whole thing work?

Oh! I'm so glad you asked. It's all about the experience here. In order to curate your narrative so it's tailored to your vision we like to start by getting to know you. We love having clients come to our letterpress studio space to sit down and get a conversation going over some bubbly or our studio's seasonal cocktail (oh yeah, we mix up some mean cocktails over here).

We want to hear all about this special moment in your lives and how we can help you bring it to life. We value involving our clients in the creative process as much as we can because at the end of the day this is all about you.

If you don't know where to start with your vision, don't worry, we'll ask you all the right questions to get the ball rolling. If you already have something specific in mind, that's great, too! We're here to make wedding planning easier on you and help as much as we can. Our letterpress printing studio is located right on site so we will have hundreds of samples ready to get inspired & show you our printing process along the way.

## Why do we do this?

There are thousands of ways to tell a story, but there's something mystifying about getting all of life's twists, smiles, and triumphs all onto one piece of paper. This is what we love to do. So let's crank up the tunes, pour some bubbly, and get started on making this special moment of yours (whether it's your wedding, arrival of a new baby, or your 50th Anniversary Party) into something tangible and timeless.
