

Smarter **E-Invoicing** for **Malaysia's** **New Era.**

- ▶ Seamless digital compliance powered by

Dynamics 365

PAGERO

DynaTech | Systems

Modernize how Malaysian businesses manage tax, reporting, and invoice compliance - fully aligned with LHDN (MyInvois) standards.

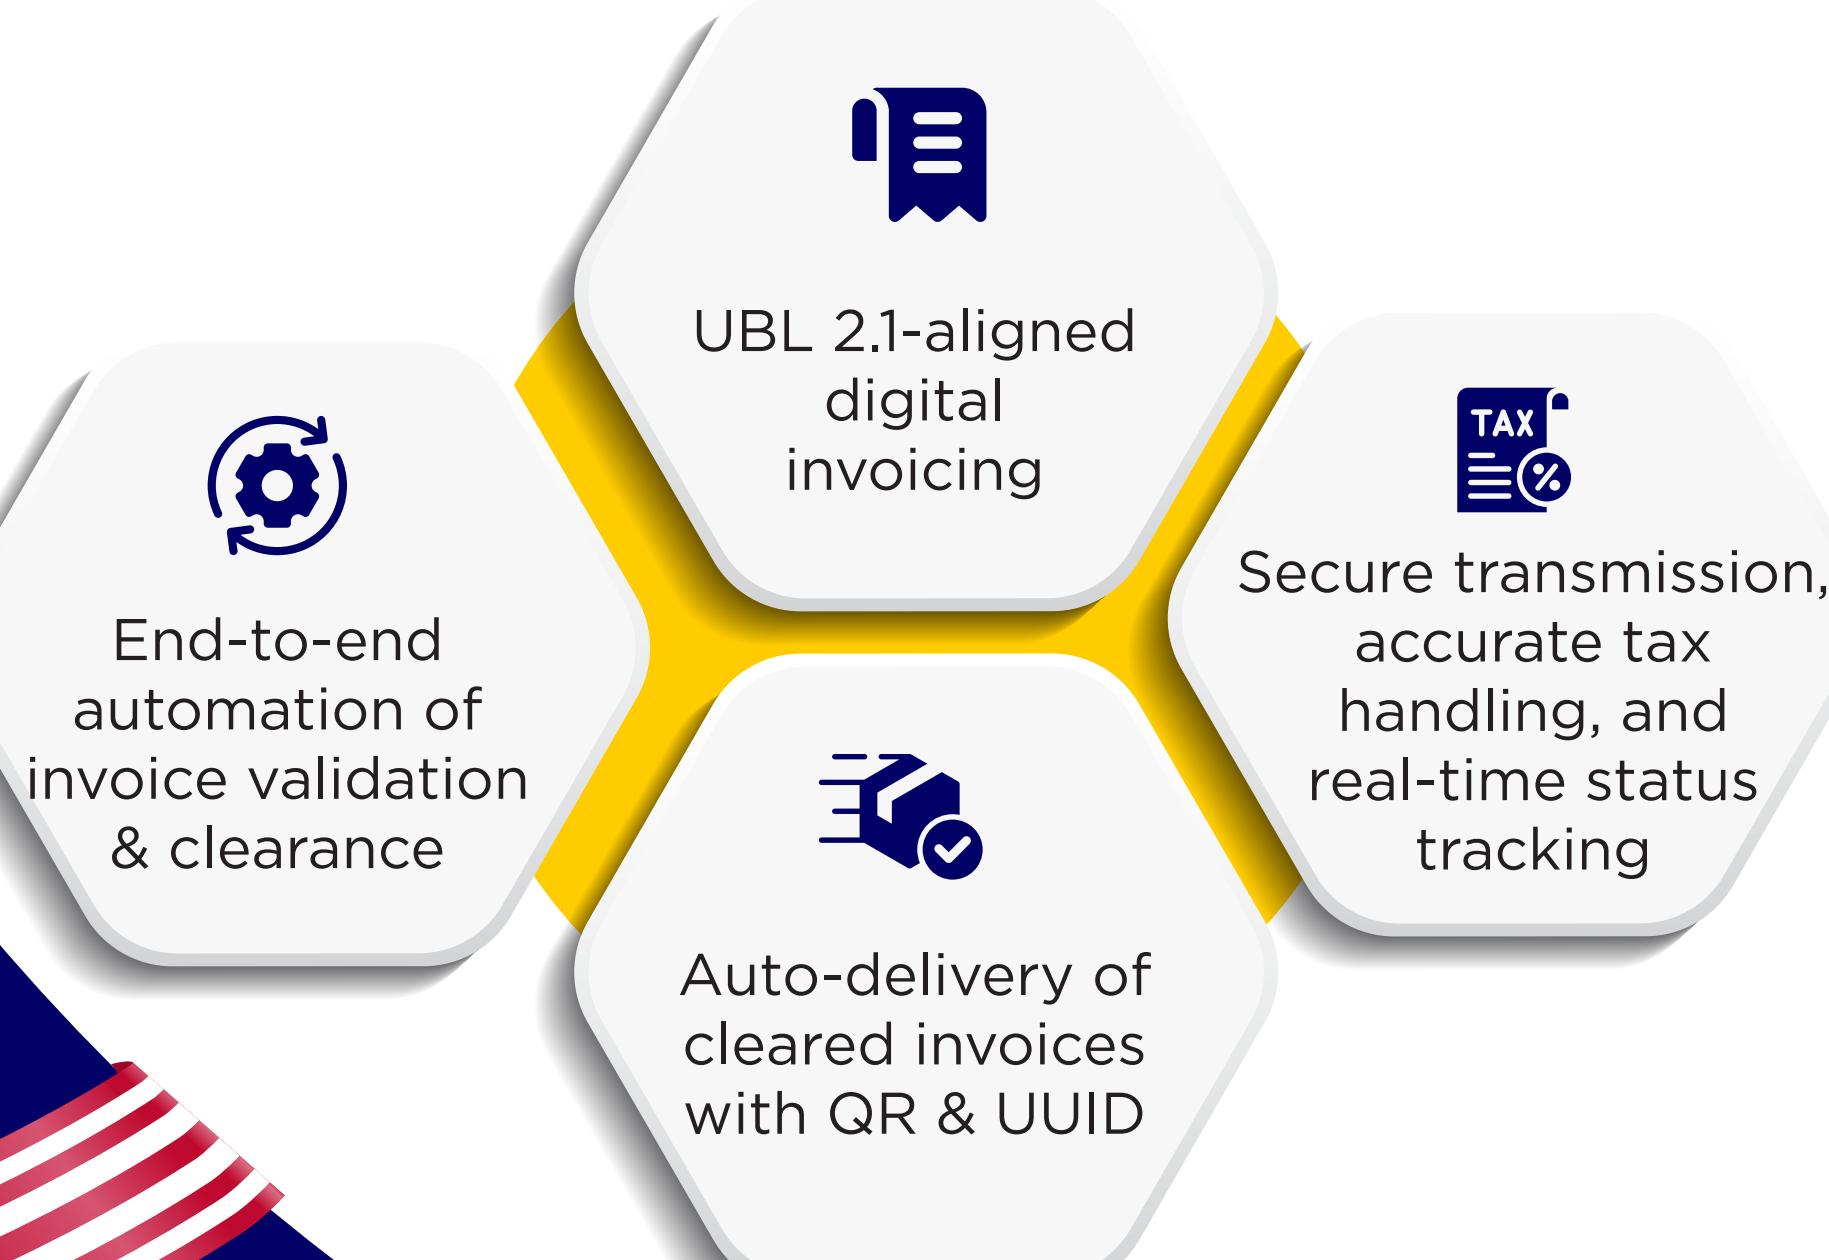

A Smarter Way to Stay Compliant with LHDN (MyInvois)

DynaTech's **Malaysia E-Invoicing Solution** integrates **Microsoft Dynamics 365 Finance & Operations** with **Pagero**, the LHDN-authorized intermediary, enabling:

A unified, intelligent, and fully automated compliance engine-
powered by DynaTech.

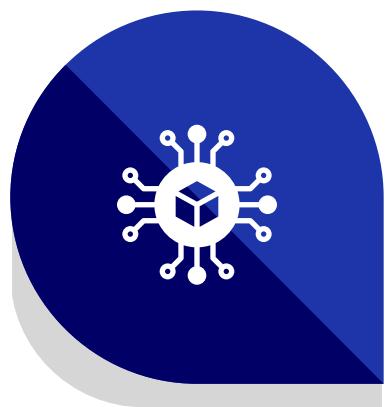

Why Modern Businesses Are Moving to Automated E-Invoicing

With **Microsoft Dynamics 365 + Pagero + DynaTech**,
organizations gain:

Full alignment
with **Malaysia's
MyInvois
mandate**

Zero manual
uploads or
external
portals

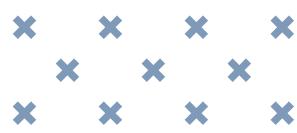

Automated
end-to-end
lifecycle - from
creation to
clearance

Support for
all invoice
types (Sales,
Credit
Notes, Free
Text,
Exports,
Vendor)

Real-time
audit trails
embedded
inside
Dynamics
365

Compliance becomes effortless -
operations become faster.

Key Enablers of a Fully Connected E-Invoicing Ecosystem

Strengthen your financial operations with:

Two-Way Pagero Integration

Secure SFTP sync for seamless LHDN validation and QR/UUID assignment.

Compliance Dashboard in Dynamics 365

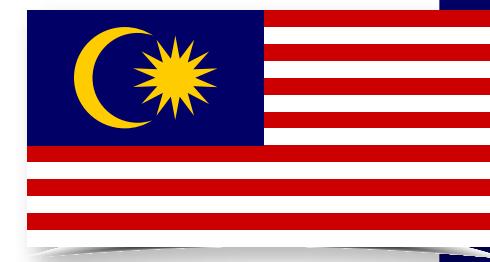

Full visibility into statuses, clearances, exceptions & audit logs.

Smart Error-Handling & Auto-Retry

Ensures successful MyInvois submissions with zero missed invoices.

Enterprise-Grade Security

Role-based access, encrypted data exchange & tamper-proof audit trails.

Transform Compliance into **Operational Advantage**

With **D365 + Pagero + DynaTech**, businesses achieve:

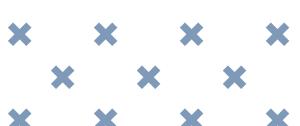

100% digital
invoice
automation

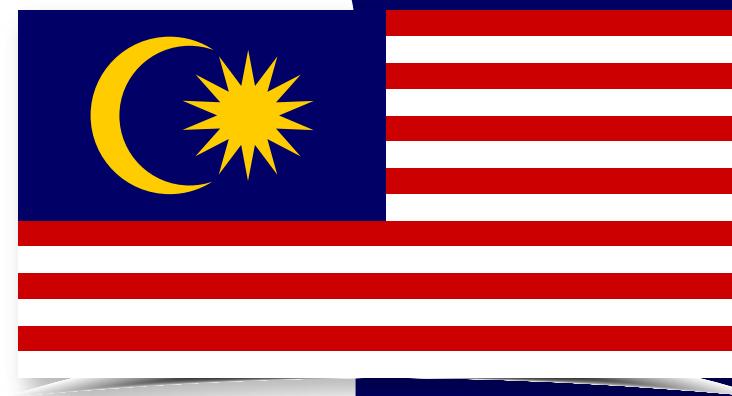

Always
audit-ready
digital records

Faster
processing &
reduced
financial errors

Real-time
clearance
tracking

Scalable architecture
for multi-country
frameworks
