ABOUT US

Edmirai is a forward-thinking education technology company focused on making learning truly personalized, accessible, and effective for students. We combine talented educators with smart, adaptive technology to create tailored learning experiences for students from Grades 4 to 12. Through live one-to-one tuition, instant doubt solving, and AI-driven study paths, Edmirai helps learners build confidence, strengthen concepts, and achieve academic goals. Our platform also includes targeted support for competitive exams like JEE and NEET, enabling students to prepare with clarity and purpose.
