# The School Struggle is Real

Picture this: It's 4 PM, your admin team is buried in fee receipts, teachers chase attendance sheets, parents call nonstop. Sound familiar?

That's why 80% of Indian schools waste hours on paperwork every single day. The chaos never ends—until now.

Hexawarre fixes it all in one dashboard. No more juggling ten different systems. No more late nights sorting papers. Just simple, smart school management that actually works.

## The Daily Reality

- Hours lost on manual attendance
- Fee collection headaches
- Parent communication chaos
- Report card nightmares

# Key Features That Matter

## Auto Attendance

Biometric integration means no proxies, no fake signatures. Just accurate records every single day.

## Fee Reminders That Work

Automated SMS and app alerts that actually get parents to pay on time. Watch your collection rates soar.

## Parent App

Instant updates on attendance, homework, events. Parents stay connected without calling your office constantly.

## Smart Timetable

Syncs across all devices automatically. Teachers, students, parents—everyone sees the same schedule in real-time.

 **Why it beats others:** Simple setup, works offline too, and designed specifically for Indian schools. No complicated training needed.

# Saves Time for Teachers

Teachers hate paperwork. Who can blame them? They got into education to teach kids, not fill out endless forms.

Hexawarre automates grading, homework tracking, and progress reports. Everything happens in minutes, not hours.

"We cut report card time from 2 weeks to 2 hours. Our teachers actually have time to plan better lessons now."

– Principal, Delhi CBSE School

40+ Hours

Saved per teacher  
monthly

Zero Paperwork

All digital, all automated

Instant Reports

Generate in seconds

# Parents Love It

## No More "What Homework?" Texts

The app sends live alerts on attendance, marks, events, homework—everything. Parents know what's happening before they even ask. One Mumbai school saw parent calls drop 70% in the first month.

## Builds Real Trust

When parents can check their child's progress anytime, anywhere, they feel connected. They see you're organized, transparent, professional. That trust? Priceless for your school's reputation.

# Fee & Admin Magic

Fees collected online, reminders auto-sent, no chasing parents down hallways. The system tracks inventory, staff leaves, even transport routes. Schools cut costs by 30% on paper alone.

## Online Fee Collection

UPI, cards, net banking—parents pay in seconds.  
Automatic receipts generated instantly.

## GST Compliant

Built for Indian tax rules. Handles GST calculations, invoicing, everything you need for audits.

## Multi-Branch Ready

Run multiple campuses from one dashboard. Perfect for growing school chains across cities.

## Transport Tracking

GPS-enabled bus tracking keeps parents informed. Safety alerts sent automatically for every route.

# Why Hexawarre Tops India

Unlike clunky imports that don't understand Indian schools, we're built for CBSE/ICSE chaos. Hindi support included. Affordable at just ₹15,000/school/month—less than what you spend on paper and pens.

Used by 500+ schools from Kerala to Kashmir. Cloud or on-premise—your call. Your data stays secure with bank-level encryption and daily backups.
