# About us

Surge PV is a leading solar energy provider dedicated to making renewable power accessible and affordable. We specialize in designing and installing high-quality residential and commercial solar systems. Our expert team handles every step, from consultation and financing to installation and maintenance. Committed to sustainability and customer satisfaction, we empower homeowners and businesses to reduce their energy costs and environmental impact by harnessing the sun's clean, reliable power.

SurgePV is an AI-powered solar design and proposal platform built for solar installers and EPCs. It enables professionals to create accurate solar layouts, perform shading and energy analysis, and generate branded proposals quickly. By combining smart automation with advanced modeling, SurgePV helps solar businesses streamline workflows, improve efficiency, and close more projects.
