# About us

NKE Safety Apparel is a U.S.-based workwear brand dedicated to protecting workers in demanding industries with high-quality safety clothing. We design and offer flame-resistant and high-visibility garments that meet strict safety standards while prioritizing comfort, durability, and modern style. Headquartered in East Lansing, Michigan, our mission is to help professionals stay safe, comfortable, and confident on the job — whether in construction, oil and gas, electrical work, or other hazardous environments. At NKE Safety Apparel, we believe that protective gear should never compromise performance or wearability, delivering reliable workwear you can trust every day.
