ABOUT US

Dr Fazal Rehman is a highly respected Consultant Spine Surgeon leading advanced spinal care at Kerala Spine, known for compassionate, patient-centered treatment and precision in surgical care. With over a decade of experience in minimally invasive, endoscopic, and robotic-assisted spine surgery, he blends cutting-edge techniques with a deep commitment to patient outcomes. Dr Fazal completed his medical training with top honors, including a gold-medal MS in Orthopedics and specialized spine fellowships in India and abroad. He has earned international recognition, including the prestigious Hallet Medal from the Royal College of Surgeons (England), and is trusted by patients across Kerala and beyond for expert spine health solutions.

OUR SERVICES

Neck Pain Treatment in Kerala

Persistent neck pain can affect your daily routine and productivity. Keralaspine.com provides comprehensive neck pain treatment in Kerala with personalized care plans designed to identify the root cause of discomfort. Our spine specialists offer advanced diagnostics, non-surgical therapies, rehabilitation, and surgical solutions when necessary. We focus on reducing pain, restoring neck movement, and helping patients return to their normal activities with long-lasting relief and compassionate care throughout every stage of recovery.

Non Surgical Spine Treatment Kerala

Keralaspine.com provides advanced non-surgical spine treatment in Kerala for patients experiencing back pain, neck pain, disc problems, and other spinal conditions. Our specialists develop customized treatment plans using medication, physiotherapy, lifestyle guidance, spinal injections, and rehabilitation to reduce pain and improve function. We prioritize conservative treatment whenever possible, helping patients avoid unnecessary surgery while supporting faster recovery and long-term spinal health with expert medical care.

Spine Surgery Recovery Time

Understanding spine surgery recovery time helps patients prepare for successful healing. Keralaspine.com offers expert guidance on recovery expectations, rehabilitation, pain management, and post-operative care following various spine procedures. Recovery depends on the condition treated, surgical technique, and overall health. Our dedicated spine specialists provide continuous support, personalized rehabilitation plans, and practical advice to help patients regain strength, mobility, and confidence while returning safely to everyday life.
