ABOUT US

Aviation and Aerospace Skill Development Council (AASDC) is dedicated to strengthening India’s aviation and aerospace workforce by bridging the gap between industry demand and skilled manpower availability. The council focuses on developing talent across key sectors such as airline operations, ground handling services, and airport management. Through industry-aligned training programs, accredited certification processes, and partnerships with experienced aviation professionals, AASDC equips students with the practical knowledge and skills required for successful careers. With a vision to train more than 10,000 aspiring professionals over the next five years, AASDC is committed to creating employment opportunities, enhancing workforce quality, and supporting the continued growth of India’s aviation and aerospace industry.
