

Bangalore's Trusted Name in Car & Bus Rentals

Cherry Cabs runs a home-grown fleet of sedans, SUVs, Tempo Travellers, mini-buses and Volvo coaches for outstation trips, corporate travel, weddings and airport transfers across Bangalore. This deck walks through what we offer around four things people search for most — luxury Tempo Traveller rentals, Tempo Traveller hire, per-km pricing, and Ertiga car rental.

cherrycabs.in

Luxury Tempo Traveller Rental

For families, corporate groups and wedding parties who want more room and more comfort than a regular van, our luxury Tempo Traveller rental brings pushback recliners, tinted glass, reading lamps and a music system into a single vehicle that still parks and turns like a mini-van. It works equally well for a weekend hill drive or a full day of city hopping.

- 12, 17, 20 & 26-seater Maharaja and Force Tempo Travellers
- Reclining seats, curtains, charging points and ample luggage space
- Driver allowance, tolls and permits handled end-to-end
- Ideal for outstation tours, wedding movements and group pickups

Tempo Traveller Hire

Need a Tempo Traveller for a same-day office pickup, an airport run for a large group, or a multi-day pilgrimage circuit? Our Tempo Traveller hire service in Bangalore is built around flexible booking windows, verified drivers, and vehicles that are serviced and cleaned before every trip, so the vehicle you book is the vehicle you get.

- One-way, round-trip and multi-day hire options
- Well-maintained vehicles with background-checked drivers
- Transparent quotes — no last-minute surprise charges
- Bookings for local transfers as well as outstation routes

Tempo Traveler Price Per Km

Tempo Traveller price per km depends on the seating capacity you pick, the route (hill routes and multi-day trips are priced differently from flat highway runs), and whether the trip is one-way or return. We keep the math simple: a base per-km rate, a driver allowance, and toll/parking at actuals — shared upfront before you confirm the booking.

- Per-km rates vary by seater size — 12, 17, 20 or 26-seat
- Separate slabs for one-way, round-trip and multi-day hire
- Driver bata and tolls quoted separately, never bundled in silently
- Get a route-specific quote in minutes on a call or WhatsApp

Ertiga Car Rental

The Maruti Ertiga remains one of the most requested cars for small families and 5–6 person groups because it offers three rows of seating without stepping up to a full-size SUV. Our Ertiga car rental covers airport drops, local full-day use and outstation trips, with the same driver-inclusive, fuel-as-per-usage billing you get across the rest of our fleet.

- Comfortable 6-seater with dedicated boot space
- Available for local, outstation and airport transfers
- AC, sanitised interiors and experienced drivers
- Competitive per-km and per-day packages
