About us

The Tails Kitchen is dedicated to providing fresh, wholesome, and nutritious meals that help dogs live healthier and happier lives. We believe every pet deserves food made with real, human-grade ingredients instead of heavily processed kibble. Our meals are freshly prepared every day in a dedicated pet kitchen using high-quality ingredients, with no preservatives, artificial fillers, or harmful additives. Each recipe is carefully crafted and vet-approved to meet your dog's unique nutritional needs based on breed, age, size, and lifestyle. From delicious chicken and rice to nourishing vegetable and barley bowls, every meal is designed to support your pet's overall health and well-being.
