About us

Cognito IT Consultancy is a Bangalore-based Shopify-focused agency helping D2C brands build, optimize, and scale high-performing ecommerce stores. With 10+ years of experience and 100+ successful store launches, we combine development, design, CRO, and marketing automation to turn Shopify stores into revenue engines. Our team works with brands across India, the US, UK, UAE, and Southeast Asia, delivering fixed-price, transparent solutions. We focus on performance, speed, and conversions—ensuring every store we build drives measurable growth. At Cognito, we partner long-term with founders to create scalable, customer-centric ecommerce experiences that maximize revenue and retention.
