

Locks. Vaults. Peace of Mind.

safeworlduae.com

Safe World is an Abu Dhabi based supplier of safes, vaults and office security equipment, run from a showroom near Madinat Zayed Shopping Centre in Al Danah. The site brings together home safe boxes, fireproof filing cabinets, cash-counting machines and paper shredders in one catalogue, with stock ready for viewing in person or ordering online for delivery across the Emirate.

● **SAFE WORLD KEYWORD FOCUS**

Safebox for Home

A safebox for home protects passports, property papers, jewellery and spare cash from fire, water and theft in one compact unit. Safe World stocks digital and fingerprint-lock safe boxes sized for Abu Dhabi apartments and villas alike, with delivery across Al Danah and the wider Emirate. Every unit ships from the Madinat Zayed showroom, ready for same-week installation and a walkthrough of the keypad or biometric setup.

● SAFE WORLD KEYWORD FOCUS

Home Safe Box

Choosing the right home safe box comes down to placement, lock type and fire rating rather than size alone. Safe World's floor-standing and compact models suit bedrooms, studies and walk-in closets, with electronic keypads, biometric readers and a mechanical key backup fitted as standard. The Al Danah showroom carries finishes from matte black through to designer leather-panel safes for a study or office.

● **SAFE WORLD KEYWORD FOCUS**

Safe Box Home

Before buying a safe box for home use, check the bolt count, the fire rating in minutes, and what after-sales support the supplier actually offers once the unit is installed. Safe World fits heavy-gauge steel doors, backs every safe with a minimum one-year warranty, and keeps Abu Dhabi based technicians on call for servicing, battery changes and lock resets. Compare models in person at the showroom before you decide.

● SAFE WORLD KEYWORD FOCUS

Safe Box for Money

Storing cash at home or behind a shop counter needs more than a locked drawer. Safe World's cash-rated safe boxes pair anti-drill steel doors and digital locks with a footprint small enough for a desk or cupboard. Fit a safe box for money alongside one of our note-counting machines and you have a complete, countertop-ready cash-handling setup for a small business or home office.
