

World Document Services

World Document Services is a document assistance company in Raipur, Chhattisgarh. We help students and working professionals request academic transcripts, medium of instruction certificates and other university papers, so that a study abroad, job or visa application does not stall over missing paperwork.

We explain each step in plain words, check your details before anything is submitted and keep you updated until the document is on its way.

Electronic Transcripts

An electronic transcript is a digital copy of your academic record that travels straight to the institution or agency that asked for it. There is no courier delay and no envelope lost on the way, which is why many foreign universities and credential evaluators now prefer it.

World Document Services helps you request electronic transcripts from Indian universities. We check your details, prepare the request and follow it up, so the file reaches the right inbox in good time. Write to rohit@worlddocservices.com to get started.

Anna University Transcript

Applying abroad with an engineering degree from Anna University? Most admission offices will ask for a transcript, and an incomplete request can cost you weeks. Delays usually come from small things: a wrong register number, a missing form or an unclear delivery address.

We guide Anna University students and graduates through the request from start to finish: what to submit, how to fill it in and where the transcript should be sent. Call 8888800066 and tell us your deadline.

Medium of Instruction Certificate

Many universities abroad want proof that your degree was taught in English, and a Medium of Instruction certificate is the usual answer. The right one can help you meet language requirements and may save you from sitting an extra English test.

We help you get the certificate from your university or college, with the details your application needs. Tell us which country and course you are applying to, and we will tell you exactly what to ask for.
