

Pepe Jeans India

Pepe Jeans has been making easy, everyday clothing since 1973, and **pepejeans.in** is its home online in India. The store is laid out the way people actually shop: pick the fit you like, pick the fabric you trust and see the t-shirts that match. Pepe Jeans India keeps the choices simple, so finding a good tee takes minutes, not an afternoon.

- Regular fit tees for a classic shape
- Relaxed fit tees for easy comfort
- Cotton tees for everyday wear

Regular Fit T Shirt for Men

Some t-shirts simply work: not tight, not loose, with a clean line from shoulder to hem. A **regular fit t shirt for men** sits close enough to look put together and leaves enough room to move, which makes it an easy match with jeans, chinos or an open overshirt. Pepe Jeans India offers regular fit tees in plain colours and graphic prints, so you can choose between quiet and bold.

- A clean, true-to-size shape
- Pairs with jeans, chinos and layers
- Plain colours and graphic prints to pick from

Relaxed Fit T Shirt for Men

Comfort no longer has to be a compromise. A **relaxed fit t shirt for men** has a looser body and an easy drape, so it feels light on a warm day and sits well over a pair of jeans. If you like a casual street look, go a little roomier and let the print do the talking. Pepe Jeans India has relaxed fit styles made for that laid-back feel.

- A roomier body with an easy drape
- Comfortable through a long day
- Looks great with denim and sneakers

Cotton T Shirt for Men

Cotton earns its place in a wardrobe for good reason: it feels soft against the skin and breathes well in warm weather. A **cotton t shirt for men** is the one you reach for on a busy weekday and a lazy Sunday alike. Check each product page for fabric details, care instructions and colours, then pick the ones you will wear on repeat.

- Soft and breathable for warm weather
- Simple everyday style in many colours
- Fabric and care details on every product page
