Kanshi Jewels

Kanshi Jewels is a Jaipur jewellery label for women who love traditional craft without the fuss. Our earrings borrow from Rajasthani design: glittering kundan-style stones, warm gold tones, ruby reds and soft pearls. Each pair is picked to look rich on a wedding stage and still feel easy at a family function. Browse the full earring range and find the pair that suits your outfit.

- Based in Jaipur, Rajasthan
- Traditional designs, modern ease
- Earrings for weddings and festivals

Kundan Jhumka

A kundan jhumka is the one piece that makes a plain suit look festive. The dome shape swings gently as you move, and the stones catch light from every angle. Kanshi Jewels brings you a floral top set with rich ruby-red stones, a domed bell, hanging pearls and green bead drops. Wear it with a saree for a wedding, or with a simple kurta on Diwali. It is bold, so keep the rest of your jewellery quiet.

- **Floral stud with a swinging dome**
- **Ruby, pearl and green bead detail**
- **Best for sarees, lehengas and kurtas**

Kundan Earrings

Kundan earrings never go out of style because the look is so easy to wear. Foil-backed stones set in a warm gold frame give a clear, shimmering glow that flatters most skin tones. Our drop designs pair a round stud with a pear-shaped lower stone, framed by tiny petals. They sit well with silk, georgette and even a plain black saree. Choose a pair for engagements, pooja days or a dressy evening.

- Classic gold-tone settings
- Stud-to-drop elegant shape
- Pairs well with silk and georgette

Kundan Jhumka Earrings

Kundan jhumka earrings bring two loved styles into one pair: the sparkle of kundan and the sway of a jhumka. Our designs add colour through ruby tones, pearl strings and green beads, so the pair works as the star of your look. If you wear a heavy necklace, pick smaller drops; with a bare neckline, let these do the talking. Look through the Kanshi Jewels earring collection and find your festive favourite.

- Sparkle plus graceful movement
- Colourful beads and pearl strings
- Statement piece for bridal looks
