

About Homesay India

Homesay India brings home painting, waterproofing, wood polish and interior work together. A verified partner visits your home, measures every wall, and you approve an itemised quotation before any work begins. Payments go through the app, never as cash at the door.

- ✓ Free site visit and measurement
- ✓ Itemised quote with the paint named
- ✓ Start and completion codes prove the work

Best Painters in Delhi

The best painters are not always the loudest on the phone. Look for a team that measures first, names the paint in writing and covers your furniture before opening a tin. Homesay sends a verified partner to check damp, loose plaster and ceilings, then gives you one itemised quote.

- ✓ Walls, ceilings and full-home painting
- ✓ Furniture covered and moved as part of the job
- ✓ Advance on approval, balance on completion

Interior Designers in Delhi

Delhi homes are tight on space, so every inch has to work. A good interior designer plans layout, storage and lighting together instead of treating them as extras. Homesay handles modular kitchens, wardrobes, false ceilings, TV units and wall moulding with a clear quote up front.

- ✓ Modular kitchens and wardrobes
- ✓ False ceilings, TV units and wall moulding
- ✓ Itemised quotation before work starts

Home Interior Designers in Delhi

Redoing a home feels stressful when the costs keep changing. Home interior work with Homesay starts with a site visit and measurement, so your price rests on real sizes and not guesses. You see material and labour listed separately and approve the quote before anything begins.

- ✓ Site visit at a time you choose
- ✓ Material and labour shown as separate lines
- ✓ Decline the quote and nothing is owed
