Minimalist Bracelet

A minimalist bracelet says more by showing less. One thin chain, a few well-placed details, nothing that fights for attention. Our pastel enamel style carries small round discs with a tiny sparkling stone at the centre, spaced along a fine chain with little beads in between. It looks fresh with a white shirt, a kurta or a gym tee, and it never feels heavy at the desk. Start with one and add more later.

- Fine chain, light on the wrist
- Soft pastel enamel discs
- Easy for work and weekends

Minimal Bracelet

A minimal bracelet is the piece you put on in the morning and forget about until someone compliments it. Our black and white charm design hangs small enamel motifs from a gold-toned link chain, giving a monochrome look that matches almost any outfit. The adjustable chain with a lobster clasp lets you fix the fit in seconds. Wear it alone for a clean look, or stack it with a watch for a polished one.

- **Black and white enamel charms**
- **Adjustable chain, secure clasp**
- **Works with western and ethnic wear**
