

Strong storage. Calm confidence.

Welcome to Safe World

Safe World is an office equipment and security storage supplier based in Al Danah, Abu Dhabi. The shop stocks fire-resistant safes, digital and fingerprint safes, bank-grade strong room doors, locker cabinets, fireproof filing cabinets, paper shredders and mobile compactor shelving.

Homes, jewellers, offices and banks across the UAE can browse the range, compare sizes and get advice on which lock type suits what they need to protect.

Safes | Strong Rooms | Locker Cabinets | Filing Cabinets

Safe Box for Jewelry

Rings, necklaces and heirloom watches deserve better than a drawer under the bed. A compact jewelry safe box keeps them behind thick steel, so a quick break-in or a curious visitor cannot walk off with years of savings.

Safe World stocks small digital and fingerprint models that fit inside a wardrobe or bedside cabinet. Pick a keypad for shared family use, or a fingerprint reader if you want entry for just you.

- **Fingerprint or PIN opening**
- **Small footprint, solid steel body**
- **Bolt-down option for extra safety**

Safe Jewelry Box

Some pieces are worn every week and still need protection. A safe jewelry box blends a lined, organised interior with a lockable shell, so earrings do not tangle and watches stay scratch-free.

Soft velvet trays, separate compartments and pull-out drawers make daily choosing easy, while the locked body keeps everything out of reach. It suits dressing rooms, boutiques and private collectors who want both order and security.

- **Velvet-lined trays and slots**
- **Multi-drawer storage for sets**
- **Looks refined in any dressing room**

Safe Box in Dubai

Dubai homes and businesses keep cash, passports, contracts and hard drives that cannot be replaced. A dependable safe box in Dubai guards them against theft, and fire-rated bodies add cover if the worst happens.

Safe World supplies office and home safes across the UAE from its Al Danah location. Tell the team what you store and how much room you need, and they will point you to a model with the right fire rating and lock.

- **Fire-resistant steel construction**
- **Shelf space for files and cash**
- **Advice on sizes, locks and delivery**
