

BAR HOUSETM

Pour with pride. Crafted for every home bar.

Meet BARHOUSE

BARHOUSE is a Delhi-based online store for people who love a well-set bar. At barhouse.in you will find glassware and barware chosen for feel, finish and everyday use, from crystal tumblers to gift-ready sets.

Start with our [whiskey glasses collection](#) and find a piece that suits your shelf, your table and your taste.

Pour with pride. Crafted for every home bar.

Whiskey Glasses Crystal

Good whiskey deserves a glass that lets it breathe. Our whiskey glasses crystal range is cut for weight and clarity, so the amber of the pour stays front and centre and every facet catches the light.

The heavy base sits steady in the hand, the rim is clean on the lip, and the cut pattern adds sparkle without shouting. Add one large ice cube and the serve looks as good as it tastes.

Choose crystal for slow evenings, thoughtful gifting, or showing off a favourite bottle.

Pour with pride. Crafted for every home bar.

Whiskey Glass Set

Hosting is easier when everything matches. A whiskey glass set gives every guest the same experience at the table, and arrives ready to gift when you want to impress.

Our sets pair sturdy bases with gold-detailed designs, some packed in a presentation case that doubles as a talking point on the bar cart.

Perfect for housewarmings, weddings, festive gifting and the host who has everything.

Pour with pride. Crafted for every home bar.

Whiskey Glass

A single whiskey glass can set the whole mood of an evening. Ours carry hand-finished gold rims and elephant motifs inspired by Indian craft, so the glass is a conversation piece before the first pour.

The thick, weighted base keeps the glass balanced, and the wide mouth lets the aroma open up with every sip.

Whether it is neat, on the rocks or in an old fashioned, pick the glass that matches how you drink.
