Small Clips for Hair

Small clips for hair are the quiet heroes of a busy day. They hold a half-up style, tame baby hairs and keep a fringe off your face without any pulling or dents. At Hair Love India, our small clips come in butterfly shapes, soft fuzzy finishes and glossy colours, light enough to wear from college to office to dinner. Pin a pair at the crown for an easy, pretty look in under ten seconds.

- **Lightweight with a gentle grip**
- **Butterfly, fuzzy and pastel styles**
- **Ideal for fine to medium hair**

Side Clip for Hair

A side clip for hair turns a plain hairstyle into a finished one. Sweep your hair to one side, secure it just above the ear, and you get a neat, face-framing look that suits sarees, kurtis and western outfits alike. Our bow-shaped side clips have a smooth, translucent shine in peach, grey, pink, mint and amber. The spring grip stays put all day, so you can stop checking the mirror.

- Face-framing, polished finish
- Five soft, wearable shades
- Secure spring hold all day

Clip for Hair

The right clip for hair does two jobs: it holds and it decorates. Whether you want a quick twist-up for a hot afternoon or a relaxed low bun for the evening, a good clip saves time and spares your hair from rubber-band tugging. Our twist-style clips carry a marbled, gold-streaked finish in cream, blush, sage, caramel and lavender. Strong enough for thick hair, stylish enough to be noticed.

- Quick updos and low buns
- Marbled, gold-streaked finish
- Strong hold for thick hair
